Code of Conduct

K -12 Student Version

Baldwin Union Free School District

Baldwin, New York 11510

Reviewed July 2022

Dear Parents/Guardians:

New York State regulations require that every school district provide parents/guardians and students with a written code for student conduct and discipline. This booklet is provided to you as a summary of this information. For a complete copy of the District Code of Conduct, visit our website at www.baldwinschools.org. Select a school and then select “Our School.”

Our Student Discipline Code was developed collaboratively by teachers, parents, and administrators with input from students. Its primary goal is to establish guidelines that create an environment that fosters mutual respect for students, parents, and all staff members; including administrators, teachers, teacher assistants/aides, nurses, secretarial/office staff, custodians and bus drivers. We strive to create a safe and secure learning environment in which all individuals are treated with respect and dignity. Our goals are to provide a safe and encouraging learning environment with high expectations in which all students can succeed and thrive.

In September, your child’s teacher reviewed the components of this code and discussed classroom rules. You are encouraged to discuss the contents of this code with your child and to reinforce its positive goals. Adherence to these rules and guidelines will ensure that your child will have a successful year.

Respectfully,

Anthony Mignella

Students who are found to have demonstrated inappropriate behavior may be subject to the following interventions and consequences, either alone or in combination. The notice and

opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

2. Long term (more than 5 days) Suspension from School

When the suspending authority determines that a suspension for more than five days may be warranted, the student will have the opportunity to have a fair hearing conducted in accordance with Education Law §3214. All students with disabilities are expected to follow the above Code of Conduct. The Baldwin Union Free School District is required by law to follow the Individualized Educational Program (IEP) of students with disabilities and must handle all disciplinary cases under IDEA and Article 89.

Discipline resulting in the removal of a student with disabilities, will be conducted in accordance with the due process procedures applicable to removal of non-disabled students, except that school personnel may not impose such removal for more than 10 consecutive days or for a period that would result in a disciplinary change in placement, unless the manifestation team has determined that the behavior is not a manifestation of the student's disability.

X. REPORTING VIOLATIONS

All students are expected to promptly report violations of the "Code of Conduct" to a teacher, guidance counselor or building administrator. Any student observing a student possessing a weapon, alcohol, illegal substance, or another violation of the "Code of Conduct" on school property or at a school function shall report this information immediately to a teacher, guidance counselor, or building administrator.

All district staff members who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff members who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the "Code of Conduct" to their supervisor, who shall in turn impose an appropriate disciplinary sanction if so authorized or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Any weapon, alcohol, or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent/persons in parental relation of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral to the local law enforcement agency for prosecution.

The building Principal or the Principal's designee must notify the appropriate local law enforcement agency of "Code" violations which may constitute a crime and substantially affect the order or security of a school as soon as practical but in no event later than the close of business the day the Principal or the Principal's designee learns of the violation. The notification may be made by telephone, followed by a letter mailed home in a timely fashion.
